Company Profile

2026

Civil Association · Riyadh

We build the framework that turns ideas into impact

Social Framework is a civil association specialized in supporting and developing the social entrepreneurship and social investment ecosystem. We empower promising social projects and initiatives by building capacity, developing financing solutions, fostering social innovation, and creating an enabling environment that contributes to sustainable development and maximizes social impact.

Social Framework

A framework that holds a social idea until it becomes impact — the idea behind our name and our logo.

OUR VISION

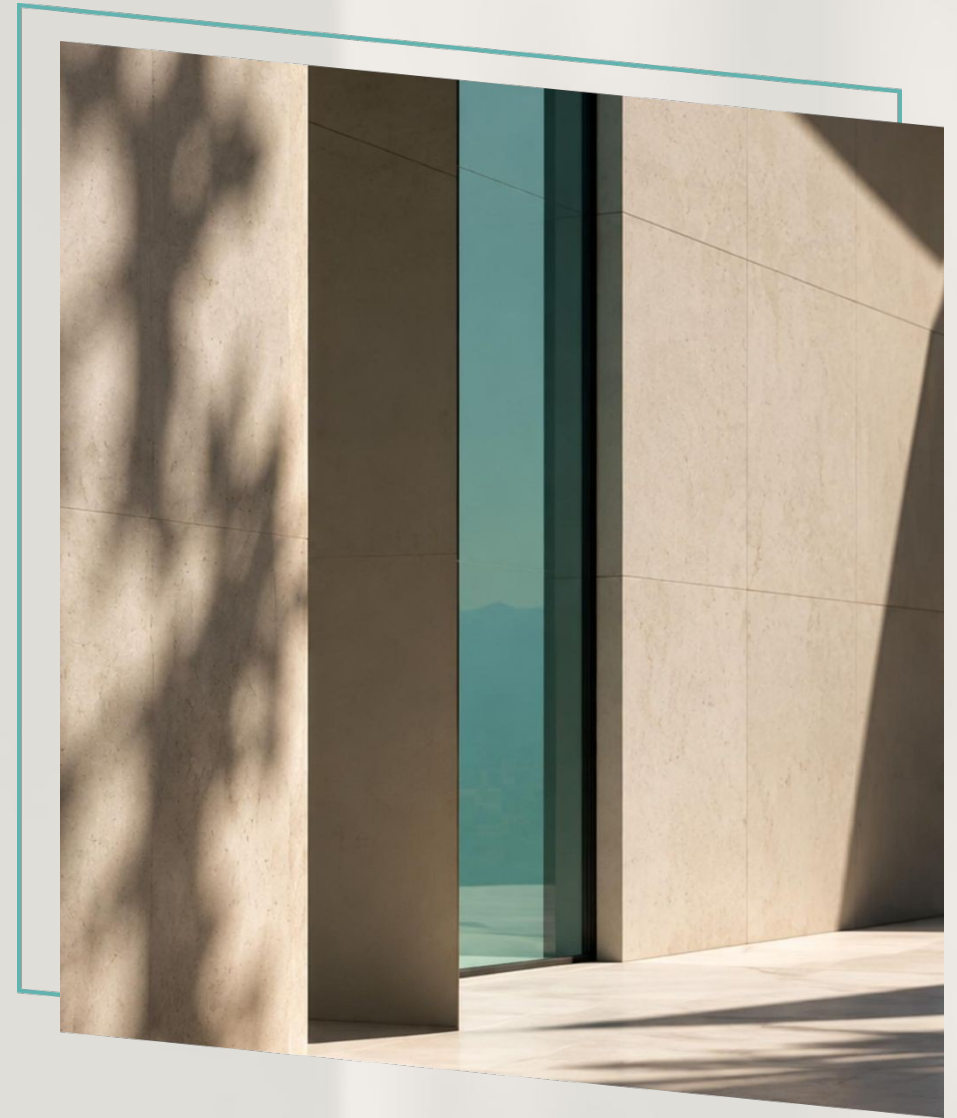

Leadership in empowering social entrepreneurship and maximizing the impact of social investment for sustainable development

OUR MISSION

To empower social projects and initiatives, innovators and social entrepreneurs by building capacity, developing financing solutions, strengthening partnerships, and providing an enabling environment for innovation and sustainable social investment

WHO WE ARE

VISION & MISSION

Professionalism

High professional standards in every project

Sustainability

Impact that lasts beyond the project

Partnership

Building with government, business and the non-profit sector

Impact

We measure success by the change achieved

Innovation

New solutions to existing social challenges

Transparency

Clarity in decisions, spending and results

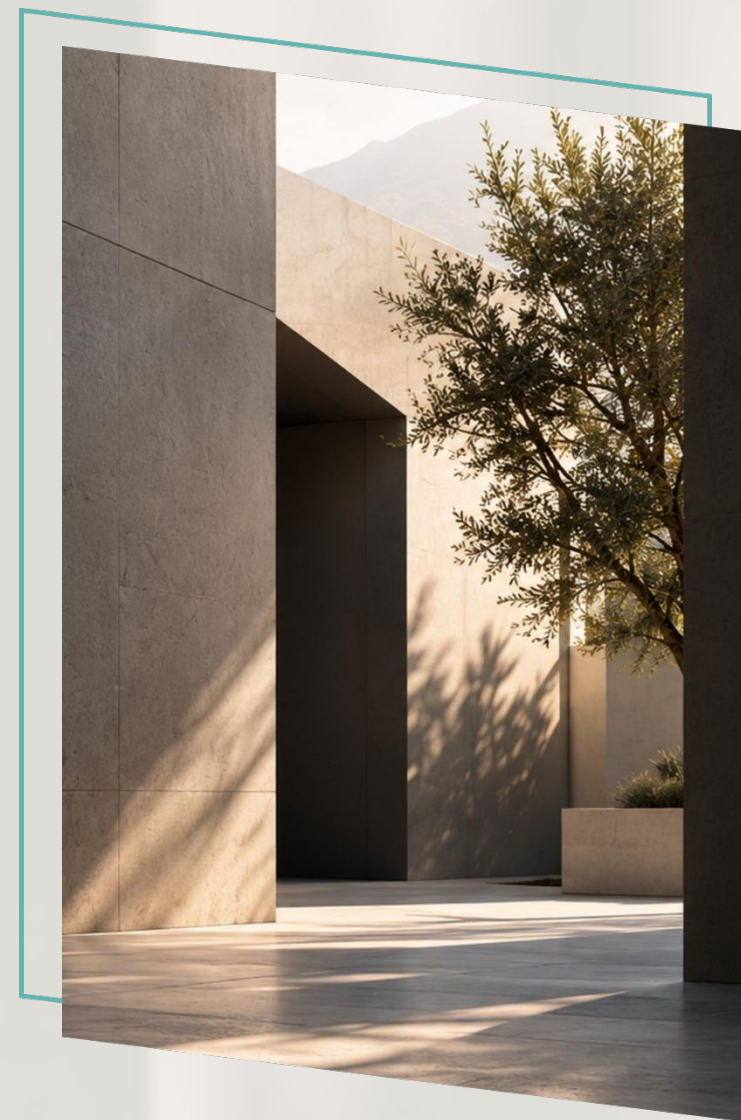

Responsibility

We deliver what we promise to society and partners

WHO WE ARE

OUR VALUES

01 Encourage government, private and non-profit entities to adopt entrepreneurial projects with sustainable social impact

02 Develop diverse financial solutions that secure the funding and financial options promising social enterprises need

03 Spread a culture of innovation and community entrepreneurship, and raise awareness of the value of social projects

04 Support and empower creators, innovators and talents through social incubators and accelerators

05 Adopt promising social ideas, projects and initiatives, and develop them into sustainable ventures

06 Strengthen partnerships and integration across sectors to support social entrepreneurship

07 Build an enabling environment for social investment and social impact measurement

WHO WE ARE

STRATEGIC GOALS

WHAT WE DO

Our Pillars

01 Project Management

02 Corporate Social Responsibility

03 Government Services Outsourcing

01

Project Management

We manage projects from idea to impact: we design, launch and run our own projects end to end, and we provide project management to associations, civil foundations and the wider non-profit sector.

Project & Program Management

Planning, delivery and monitoring using recognized project management methodologies

Advisory

Strategic and operational advisory for non-profit organizations

Benchmarking

Measuring performance against leading local and international practice

Impact Studies & KPIs

Measuring social impact and building clear performance indicators

Our ambition: the leading advisory house for the non-profit sector, to international standards

PILLAR 01 · PROJECT MANAGEMENT

OUR PILLARS

02

Corporate Social Responsibility

We work with corporate social responsibility teams on their projects and direction, and solve the challenges they face with the non-profit sector — as their first adviser and trusted gateway to the sector.

CSR Program Design

Programs aligned with the company's identity and Saudi Vision 2030 priorities

Problem Solving

Resolving what holds companies back in working with non-profits

Non-Profit Partnerships

Selecting the right partner, structuring agreements and managing them

Impact Measurement & Reporting

Credible impact reports that show the company's social return

Our ambition: a Social Framework seal that companies trust at first sight

PILLAR 02 · CORPORATE SOCIAL RESPONSIBILITY

OUR PILLARS

03

Government Services Outsourcing

Government services outsourcing transfers the delivery of community-facing government services to non-profit organizations, through a contract between the government entity and the organization.

Community Service Delivery

Serving beneficiaries on behalf of the government entity, to its standards

Shared Outsourcing

The organization and its donors cover part of the cost, so services reach more people for less

Regulatory Enablers

The Government Tenders and Procurement Law makes contracting with non-profits easier

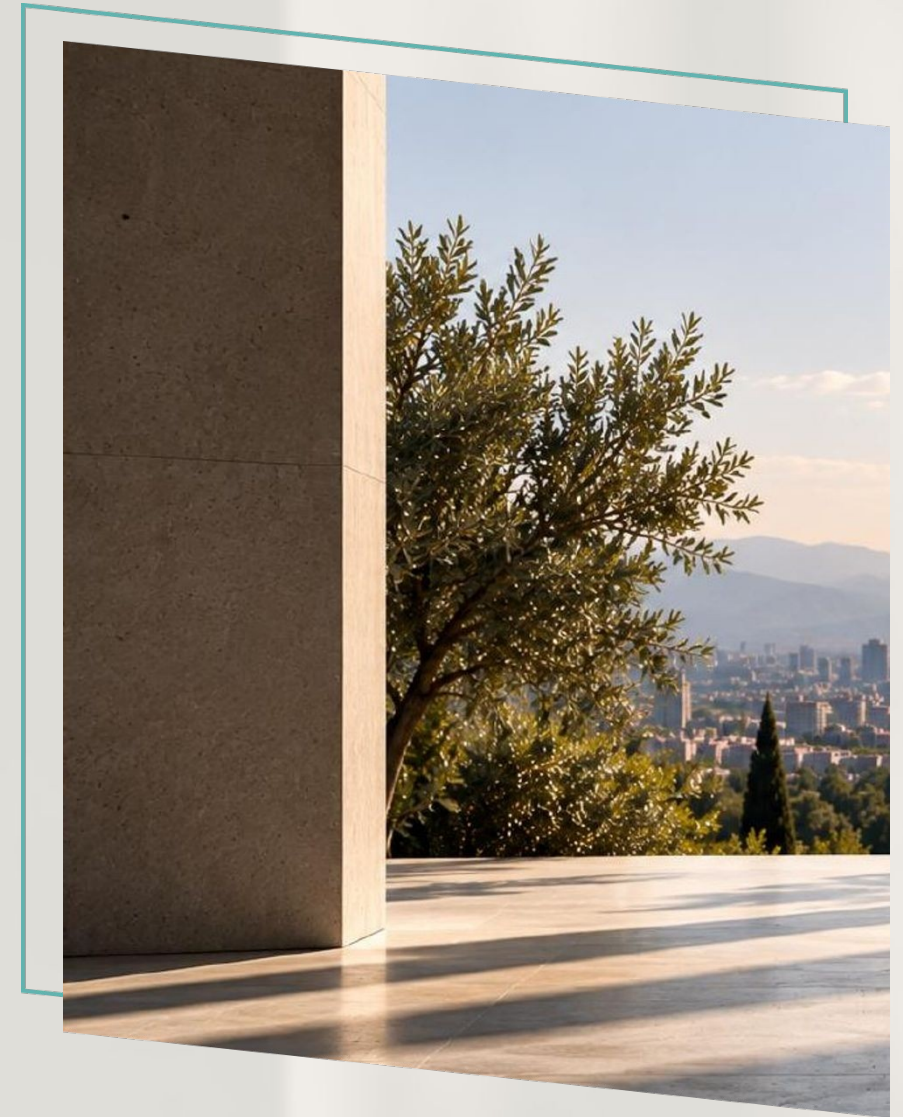

Readiness & Quality

Sound technical and financial proposals, clear pricing and beneficiary satisfaction measurement

Our ambition: to deliver the largest number of outsourcing projects with government entities

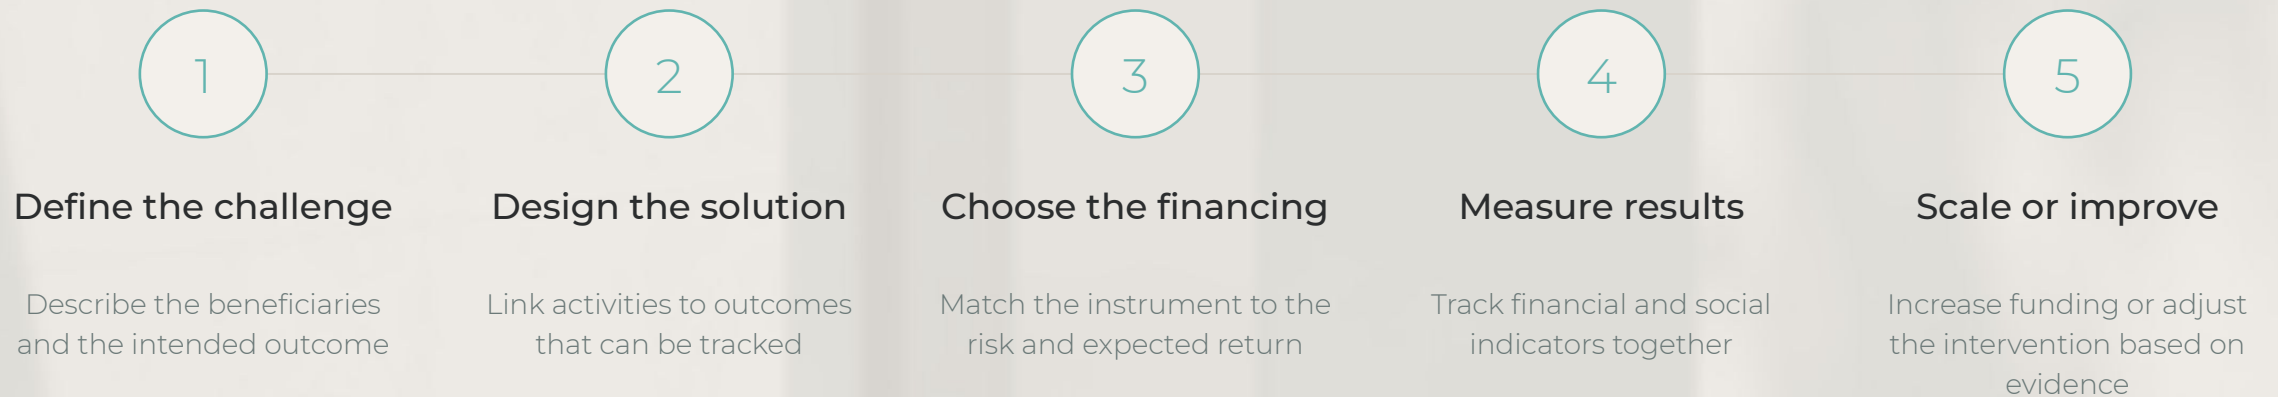

PILLAR 03 · GOVERNMENT OUTSOURCING

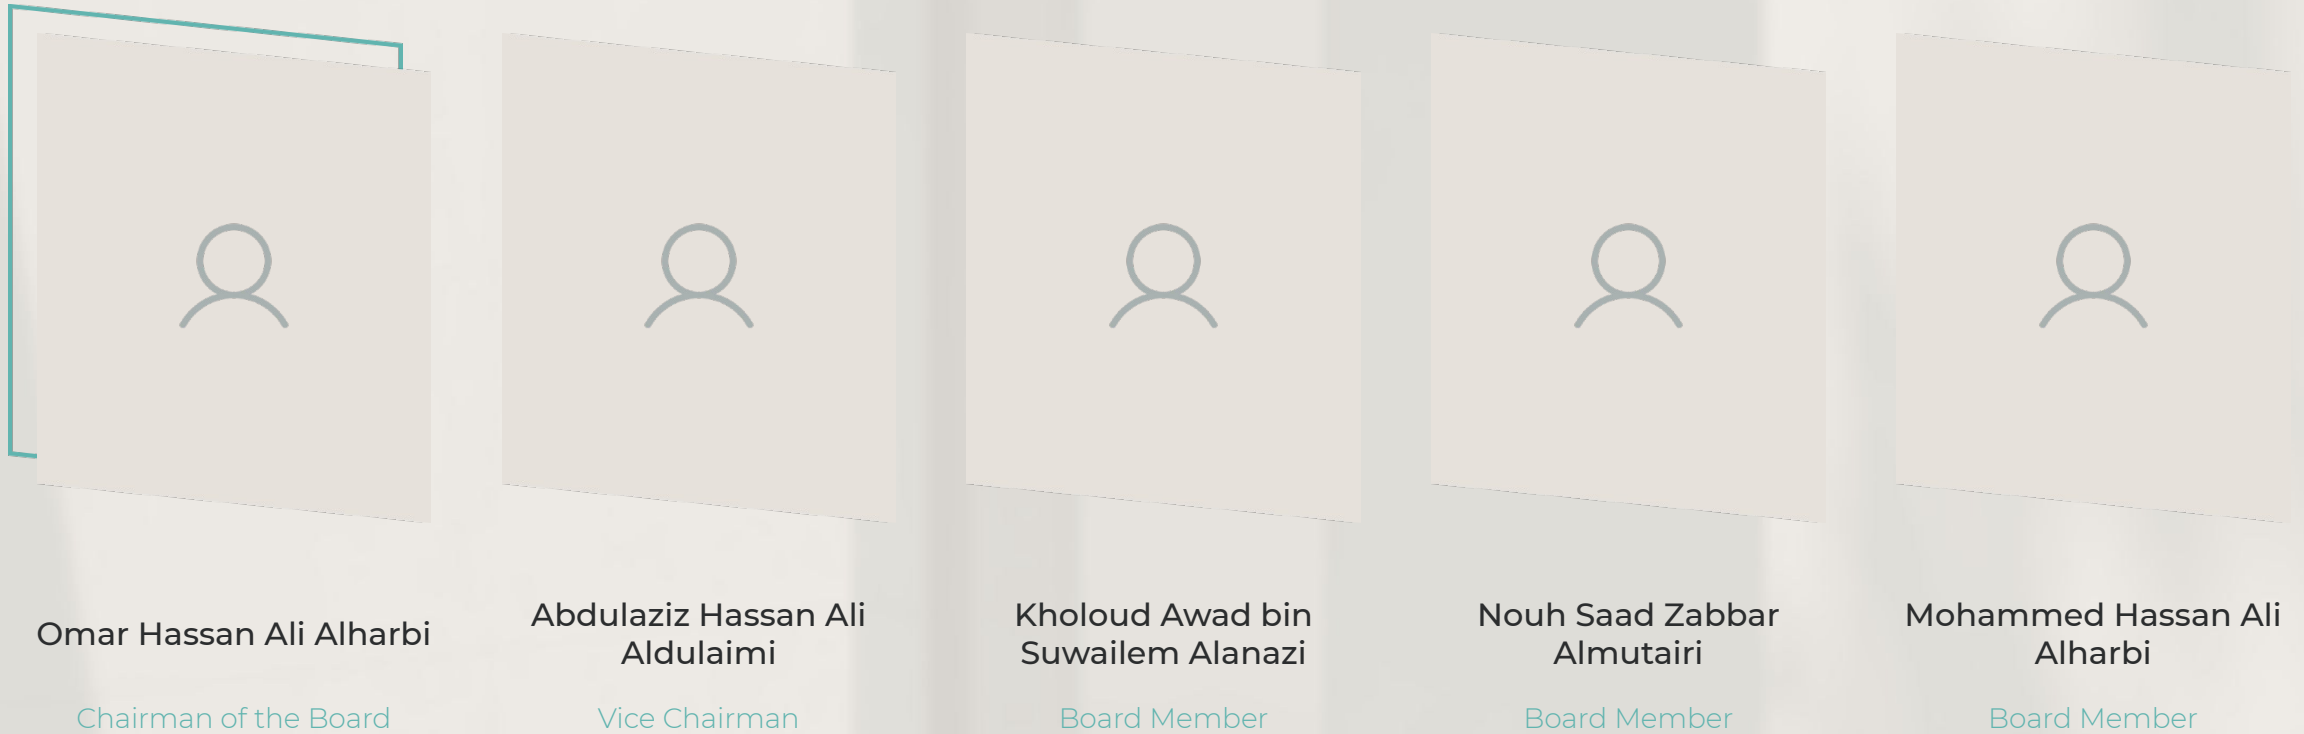

OUR PILLARS

Financial return + measurable social impact

Deploying capital to address a social challenge, while seeking a financial return and measurable impact
